

Stay safe during the school holidays by following these tips

STAY AWAY FROM CRIME

Cheating

Cheating is a crime. Youths have been charged for these offences due to their involvement as money mules for quick cash. Your payment accounts, like bank accounts and Singpass account are for your own use only.

If your bank or Singpass accounts are found to be used for criminal activities, you may face stiff penalties including detention in the reformatory training centre for at least 6 months or a prison term starting from 6 to 18 months.

Shop Theft

Shop Theft is a serious offence. Always pay for your items before you leave the store. CCTV cameras will catch you even if you manage to walk out of the store undetected with the stolen item. With the help of the CCTV footages, the police will be able to identify the suspects.

Offenders found guilty may be punished with imprisonment for up to 7 years and shall also be liable to fine.

Corrosive and Explosive Substances and Offensive Weapons Act (CESOW)

It is an offence to be in possession of any weapon such as a flick knife, knuckle duster, etc without any lawful purpose. Do not even attempt to buy them online as it is still a crime and you will be caught. You can even be caned for this serious offence.

Offenders found guilty of carrying a weapon in a public place without a good reason, shall be punished with up to 3 years in jail and at least 6 strokes of caning.

Distributing Intimate Images

Do not share any intimate images or recordings online. If you receive such images or recordings, delete them immediately and make sure you do not forward further. Sharing such images or recordings can cause great harm to the victim and is also an offence.

Report to the police, your teachers or family members if you are aware of such images or recordings being circulated.

Think before you act. Committing the act of distributing or threatening to distribute intimate images is a serious crime.

Offenders found guilty shall be punished with up to 5 years in jail and shall also be liable to fine or to caning.

Voyeurism

Taking upskirt photos or videos is a serious crime which can cause lasting psychological trauma to victims.

Recording any private acts/ body parts is a serious crime – even if someone says “yes”, it is still a crime.

Offenders found guilty shall be punished with up to 2 years in jail and shall also be liable to fine or to caning.

Rioting

Exercise self-control and do not resort to violence. Rioting is a serious crime which could result in severe injuries for all those involved, even yourself, your friends and school mates.

Whoever is guilty of rioting shall be punished with imprisonment for a term which may extend to 7 years and shall also be liable to caning.

YOU DO NOT NEED TO BE A VICTIM OF CRIME

Always take care of your personal belongings. Do not leave your items and valuables unattended even for a short while.

If you have been a victim or know anyone who has been a victim of crime, do not hesitate to tell a family member or your teachers and do make a police report as soon as possible.

Be aware of your surroundings and be attentive to any suspicious persons.

JOB SCAM

Be cautious of jobs that promise high pay with minimum effort. Remember that no real job will ask you to make upfront payments to secure the job or receive commissions or use your bank account to receive or transfer money as part of the job.

E-COMMERCE SCAM

Be wary of making payments before delivery of goods or services. Do not download unknown applications for online purchases as it may contain malware, which would allow scammers to access your personal and banking information. More recently, scammers have been tricking victims into turning off security settings (e.g., Google Play Protect) on their mobile devices, so that malware can be installed on their devices.

DRUG AND INHALANT ABUSE SITUATION

1. The possession, consumption and trafficking of controlled drugs are serious offences.

In 2024, 156 persons below the age of 20 were arrested for drug abuse and 126 of them were new abusers. Drug abuse causes harm to your body and mind. Do not let drugs harm you and your family and loved ones.

2. Stay away from drug and inhalant abuse.

Do not allow yourself to be pressured into trying drugs. Walk away if anyone tries to offer you drugs and do inform your family members or school staff immediately.

3. Always exercise caution on the Internet and social media.

The Internet and social media may carry misinformation about drugs and mislead people into thinking that drugs are not harmful and that they are legal, so as to create demand for the drugs and profit off drug abusers. Do not attempt to buy drugs online as this also constitutes illegal drug activities.

4. Do not get involved in online drug activities.

CNB also monitors and investigates online drug activities and will not hesitate to take action against those who order drugs or drugs paraphernalia online, have drugs delivered by post or courier, and those who are involved in any illegal drug activities.

5. Stay away from drugs even when you are overseas.

Under the Misuse of Drugs Act, you will be liable for the same drug consumption offence regardless of where the controlled drugs were consumed. CNB conducts regular enforcement checks at the airport and at the other land and sea checkpoints.

6. Beware of food and products containing controlled drugs.

In some countries, drugs such as cannabis may be added as ingredients to edibles and sold as food or marketed as "health" products free from controlled drugs. It is an offence to consume, possess or bring in these items without authorisation. If you are travelling to countries where these food and other products containing controlled drugs may be sold, do exercise caution. Do not consume food and beverages from unknown sources. Do not purchase or bring items back to Singapore without checking what they are made of. If in doubt, do not consume or purchase the item.
